Profile

I am an enterprising individual who has recently finished working with a company as a UI/UX Developer. Since completing my two year IT Diploma in 2017, I have continued to pursue and define my career in the IT and Creative Industry. I am currently a freelance web developer and employed as a part-time roofer whilst I study different computer languages and frameworks such as JavaScript, jQuery, Wordpress, PHP, MySQL, APIs, Python etc. using online courses. I am determined to continue my development as a UI/UX Designer and Front-End Web Developer.
